What we'll cover

- Where are we post-Covid 19?
- Building a Culture of Care and a Sense of Belonging
- Relationship between Leadership and Counsellor

Dramatic Decline in Student Well-Being Post COVID-19

"Disruptions to learning have continued to negatively impact students well past the initial hits following the spring 2020 school closures."

Kuhfeld, Soland, Lewis, 2022

"Emerging evidence suggests the pandemic has negatively impacted children's mental health."

**Education Endowment
Foundation, 2022**

"International schools report post-COVID 19 increases in wellbeing issues (70%) and mental health issues (58%)."

COBIS Research Study, 2022

Where Are We Now?

'Approximately half of adult mental health disorders begin during adolescence. International evidence indicates that CYP's mental health was already deteriorating before the pandemic, with increasing proportions of teenagers experiencing symptoms of distress or anxiety, or engaging in self-harm.'

Barker et al. 2021

Unmanaged Mobility

- Unmanaged mobility negatively impacts students academically, socially, emotionally, physically and spiritually (Hattie, 2009)
- Students who change schools several times do worse in literacy and numeracy than their peers (NSW Education Dep't, 2016)

Social connectivity and relationship-building skills in childhood support future successful relationships as an adult.

Can we build a culture where connectivity and relationships are prioritized - a sense of belonging?

Culture

STRATEGIC CULTURE PLAN

Hire people who can demonstrate (beyond words) that they care ^{deeply} for kids. 2/3 real torch bearers.

Research - supported - Not always?

Establish systems + structures that:

- Celebrate diversity + inclusion.
- Promote care + compassion for all
- Create a culture of wellbeing

STUDENT VOICE!

Sustainability \Rightarrow CARE. Care for self, for others, for planet

~~Build~~ Prioritise relationship building - get out before, during + after school. Meet every child + parent in 1st month.

Check in on families

Model the values + behaviours we expect, celebrate successes + failures (incl to ...)

Develop a human crisis support plan -

Mileposts - define + strategically position - FEBRUARY!

Students \leftarrow Wellbeing champions
 \leftarrow Inclusion champions
 \leftarrow Learning champions - cool to work hard -

How will we know \leftarrow Regular generic + specific surveys
 \leftarrow Convo at the school gate / staff room
 \leftarrow Suggestion box

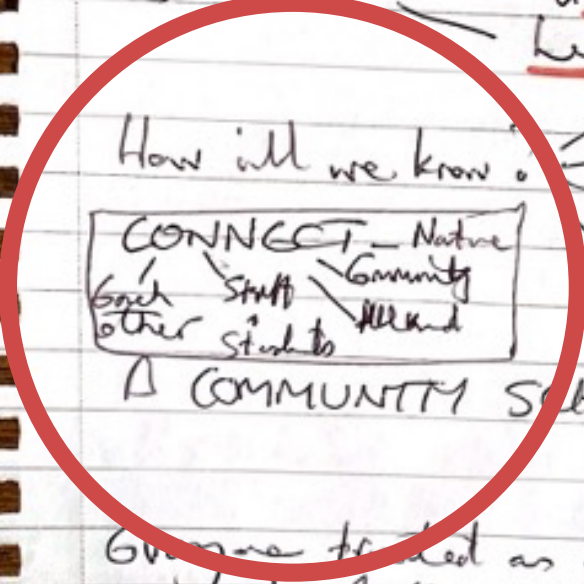

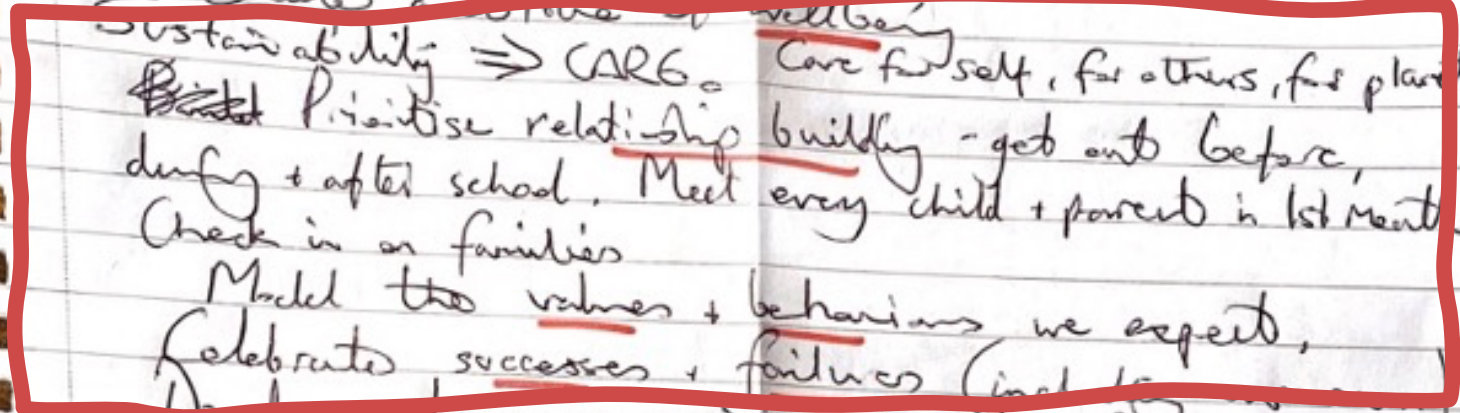

\leftarrow Tea + talk (open agenda)
 \leftarrow Other data (Visits, ...)

A COMMUNITY SCHOOL \leftarrow Tap into expertise
 \leftarrow Invite community in
 \leftarrow Go out into the community
 \leftarrow Give back to the community

Groups treated as equals \Rightarrow High profile for support staff -

Challenge discrimination + inequality - always - push the limits until they crack!

TRANSPARENCY, AUTHENTICITY, HUMILITY.

Culture

A Culture of Protective Resilience

"A supportive and trusting relationship with the teacher is related to higher resilience in students."

Diers (2015)

"A relationship exists between the well-being of adults and their experiences with teachers during childhood and adolescence. Accordingly, teachers should be intensively trained to establish a relationship with their students that is characterized by appreciation and empathy."

Dittmann & Forstmeier (2022)

Student ↔ Student

Student ↔ Adult

Student ↔ Community

Student ↔ Technology

Student ↔ Nature

Student ↔ Themselves

**A Culture of
Connections**

A Strategy

- Wellbeing and belonging is everyone's responsibility (repeat)
- Reflect this in your M,V & V
- Build your strategy
 - (V + SEL + M = CoC)
 - (Care for Self; Care for Others; Care for our Planet; Connections)
- Build your alliances
- Involve your Community
- Be relentless

A Core Group of Carers

- Student Wellbeing Champions
- Leadership (make it a priority)
- Counselor(s)
- Teachers
- Support Staff
- Parents

Recruitment

- Clarity around values for all stakeholders
- Recruit according to values
- Build in values to the interview and reference process
- Use counselors to support the selection process

The Head of School/Principal - Counselor Relationship

The Counselor – Leadership Relationship

- Founded on trust – model what a trusting relationship looks like
- Can be adversarial
- A professional learning opportunity for both, but particularly the administrator
- Two-way critical friending is essential - challenge & support
- School reputation can be an impediment to good practice – transparency not secrecy
- In times of crisis, you need to be aligned and in tune. No room for errors
- Better decision-making
- Safeguarding & crisis management
